Remove Any Object from a Photo — Adobe Firefly AI

WHY ADOBE WINS THIS KEYWORD

Photoshop Remove Tool + Firefly Generative Remove fills with context-aware AI. No competitor matches the quality of content-aware fill with AI.

EXACT ACTION TO TAKE

Dedicated "remove object" landing page on adobe.com with free demo (no login). Currently all traffic goes to generic Photoshop pages that don't rank for this query.

Expand Any Image with AI — Photoshop Generative Expand

WHY ADOBE WINS THIS KEYWORD

Photoshop Generative Expand is the industry-leading AI image extension tool. No competitor matches the quality — this is a pure Adobe win waiting for the right page.

EXACT ACTION TO TAKE

Create a standalone "expand image" landing page with before/after demo, free trial CTA. Current Generative Expand page ranks poorly because H1 doesn't match the query.

AI Image Upscaler — Upscale Photos Without Losing Quality

WHY ADOBE WINS THIS KEYWORD

Adobe's 4x upscaling with AI (Super Resolution) outperforms standalone upscalers. The gap is that adobe.com has no dedicated "upscale image" page — it's buried in Photoshop docs.

EXACT ACTION TO TAKE

Free online upscale tool page — must work without Photoshop install. Topaz Gigapixel and Let's Enhance dominate this because they have a single-page free tool. Adobe needs the same.

Remove People from Photos with AI — Adobe Firefly

WHY ADOBE WINS THIS KEYWORD

Same underlying feature as "remove object" but for people specifically. Photoshop's content-aware fill + Firefly AI is the best-in-class solution. No dedicated page exists.

EXACT ACTION TO TAKE

Separate "remove people" page (distinct from remove object — captures different intent). Show crowd/background removal use cases. Add to the free tools section with no-login demo.

Cartoonize Your Photo — AI Cartoon Photo Generator

WHY ADOBE WINS THIS KEYWORD

This is a fun, high-volume query with viral loop potential. Firefly can apply cartoon styles to any photo. Adobe Express has filters but no dedicated "cartoonize" page.

EXACT ACTION TO TAKE

Free cartoonize tool — no login, instant generation. Add "Created with Adobe Firefly" watermark on free exports. This is a direct viral loop driver with mass consumer appeal. Upload photo → get cartoon → share.

AI Art Generator — Create Stunning Art for Free with Adobe Firefly

WHY ADOBE WINS THIS KEYWORD

This is the highest-volume keyword in the category. Adobe Firefly IS an AI art generator but the main Firefly page doesn't rank for it because the H1 doesn't use this language.

EXACT ACTION TO TAKE

Create /products/firefly/ai-art-generator as the free-tier entry page. No login for first 5 generations. H1 must match the query exactly. This single page could drive more traffic than any other action on this list.

AI Anime Art Generator — Create Anime-Style Art with Adobe Firefly

WHY ADOBE WINS THIS KEYWORD

Firefly can generate anime-style art through style prompting. This is a high-volume niche with strong community appetite. No Adobe page exists for it — leaving 250K/mo to Midjourney and NovelAI.

EXACT ACTION TO TAKE

Dedicated anime style landing page with anime-specific prompt examples and style reference demos. Key message: commercially safe anime art (many anime-style models are trained on unlicensed anime images — Firefly is not).

AI Drawing Generator — Generate Illustrations & Drawings from Text

WHY ADOBE WINS THIS KEYWORD

Firefly's illustration styles and Text to Vector are natural fits for "drawing generator." The vector output is uniquely Adobe — all competitors generate rasters. Editable drawings from text is a strong differentiator.

EXACT ACTION TO TAKE

Drawing generator page leading with the vector angle ("generate editable drawings, not just images"). Show illustration → Illustrator workflow. This page can also serve the "text to vector" cluster.
