PAGE H1

Remove Any Object from a Photo — Adobe Firefly AI

WHY ADOBE WINS THIS KEYWORD

Photoshop Remove Tool + Firefly Generative Remove fills with context-aware AI. No competitor matches the quality of content-aware fill with AI.

EXACT ACTION TO TAKE

Dedicated "remove object" landing page on adobe.com with free demo (no login). Currently all traffic goes to generic Photoshop pages that don't rank for this query.

Expand Any Image with AI — Photoshop Generative Expand

WHY ADOBE WINS THIS KEYWORD

Photoshop Generative Expand is the industry-leading AI image extension tool. No competitor matches the quality — this is a pure Adobe win waiting for the right page.

EXACT ACTION TO TAKE

Create a standalone "expand image" landing page with before/after demo, free trial CTA. Current Generative Expand page ranks poorly because H1 doesn't match the query.

PAGE H1

AI Image Upscaler — Upscale Photos Without Losing Quality

WHY ADOBE WINS THIS KEYWORD

Adobe's 4x upscaling with AI (Super Resolution) outperforms standalone upscalers. The gap is that adobe.com has no dedicated "upscale image" page — it's buried in Photoshop docs.

EXACT ACTION TO TAKE

Free online upscale tool page — must work without Photoshop install. Topaz Gigapixel and Let's Enhance dominate this because they have a single-page free tool. Adobe needs the same.

Free Sticker Generator — Create Custom AI Stickers Online

WHY ADOBE WINS THIS KEYWORD

Adobe Express already has a sticker maker. Gap is SEO: the page doesn't rank for "sticker generator" because it's optimized for "sticker maker" not the higher-volume query.

EXACT ACTION TO TAKE

Update Express sticker page H1 and meta to match "sticker generator" query. Add Firefly AI generation + transparent PNG export. Remove login gate for first sticker.

AI Video Generator — Create Videos from Text or Images

WHY ADOBE WINS THIS KEYWORD

Firefly Video is a direct competitor to Sora and Runway. The gap: adobe.com has almost no SEO presence on "AI video generator" despite having the product.

EXACT ACTION TO TAKE

Standalone "AI video generator" page with demo video, free trial CTA, comparison vs Sora/Runway. Firefly Video's commercial safety angle is the enterprise differentiator here too.

AI Photo Editor — Edit Photos with Adobe AI Tools

WHY ADOBE WINS THIS KEYWORD

Adobe owns AI photo editing (Photoshop Generative Fill, Lightroom AI Masking, Denoise). The gap is that search users typing "AI photo editor" land on competitors because Adobe's pages lead with brand names, not the query.

EXACT ACTION TO TAKE

Create an "AI photo editor" hub page that unifies Photoshop AI, Lightroom AI, and Firefly features under one SEO-optimized URL. This is the highest-volume keyword on the list.
